KXL-Series Liquid Ring Vacuum Pumps and Compressors

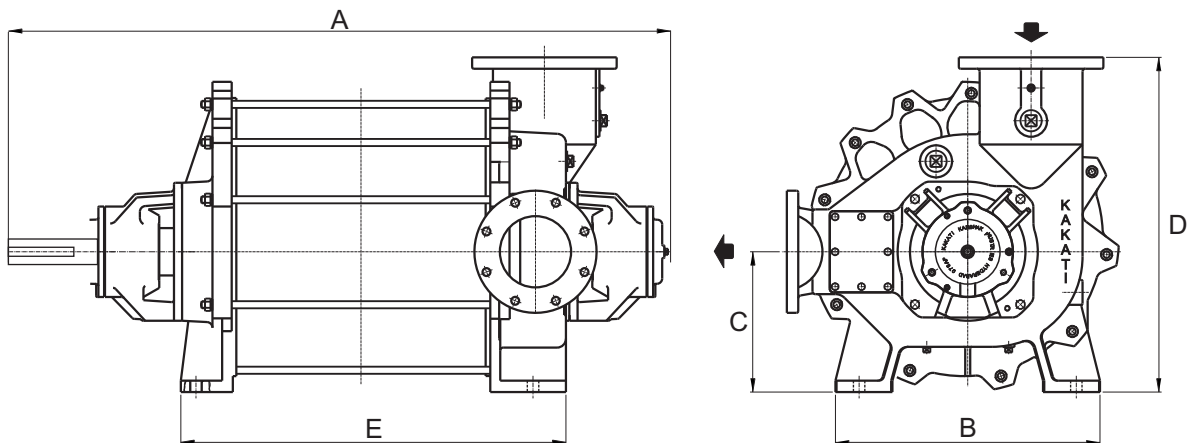

Kakati KXL Single Cone Liquid Ring Vacuum Pumps and Compressors

The Kakati single cone liquid ring vacuum pumps & compressors are designed for applications which require vacuum pumps to discharge against a positive back pressure. They are most extensively used in chemical industry and are designed to stand up to the harsh environments found in the chemical process industry. They are available in both ductile iron and stainless steel and can accommodate a variety of mechanical seals.

Basic specification

Vacuum range	Up to 720 mmHg
Differential pressure capability	2 bar
Compressor pressure	3 bar abs
Standard construction material	Cast iron, Stainless Steel
Capacity	Upto 7000m ³ /hr

*Incase of special material of construction please contact our sales team.
