

Kakati®

MAX-Series

Liquid Ring Vacuum Pumps and Compressors

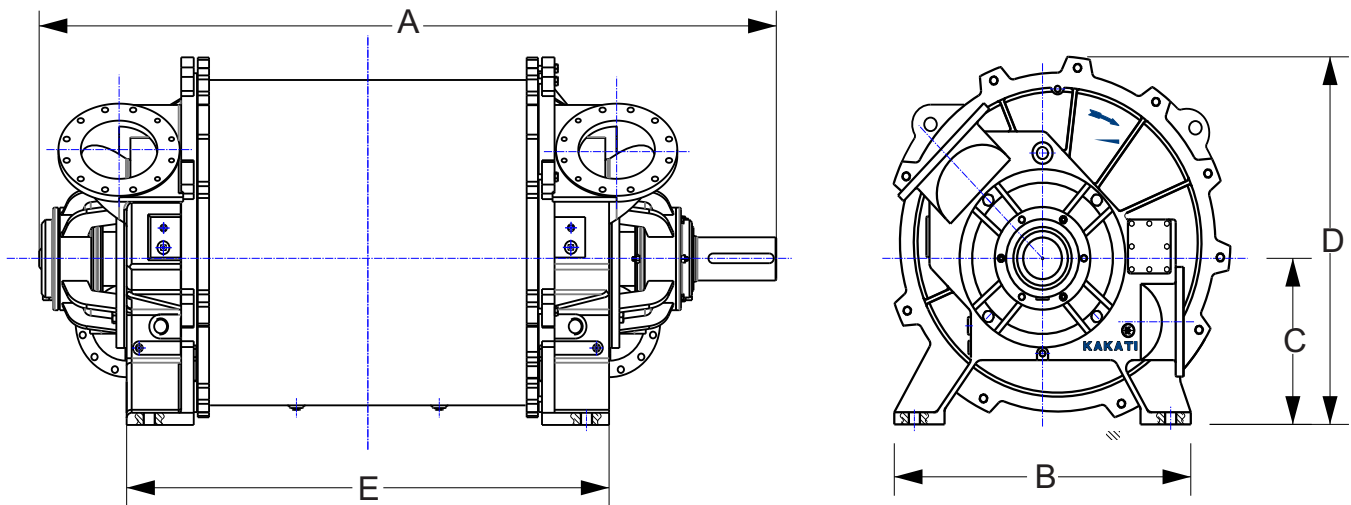

Kakati MAX Series Liquid Ring Vacuum Pumps and Compressors

Introducing the next generation of our popular KEN series, designed to deliver exceptional efficiency and enhanced performance. This latest iteration boasts an impressive 8% efficiency upgrade, achieved through a combination of innovative design enhancements and cutting-edge manufacturing techniques. Our meticulously engineered fabricated rotors not only optimize power-to-capacity ratios but also extend bearing life significantly. Additionally, the removable bearing bracket simplifies maintenance and facilitates seamless assembly of mechanical seals.

Basic specification

Vacuum range	Up to 710 mmHg
Differential pressure capability	1 bar
Compressor pressure	2 bar abs
Standard construction material	Cast iron, Stainless Steel
Capacity	Upto 18000m3/hr

*Incase of special material of construction please contact our sales team.

Pump Size	Inlet NB	Outlet NB	A	B	C	D	E
MAX 270	300	250	2585	1180	615	1362	1620
MAX 300	300	250	2885	1180	615	1362	1920

Note: All dimensions are in 'mm' & subject to change without notice.
